

Joint Research Conference  
MCA / ENROAC  
25<sup>th</sup>-26<sup>th</sup> June 2019  
University of Roehampton, London

*Provisional  
Programme - see  
page 2*

An outline of academic,  
social & cultural activities  
(to be confirmed)

**At Roehampton we seek to build on the reputations of both the MCA and ENROAC in offering high quality academic engagement with leading scholars, blended with a chance for early career researchers to test their ideas in a supportive and collaborative environment.**

Our end-of-conference event is a new approach we are adopting to reinforce this: our keynote speakers and other renowned experts will be the hosts of our “*Afternoon tea with the stars*”. We may not have Hollywood in London, but we do have our own intellectual stars and they intend to spend the informal closing session in discussions with conference participants, over a very English tea, exploring ideas that have emerged through our sessions and paper presentations. Our hope is that this session will actively encourage new research relationships to emerge, as ideas are debated in a forum rich with academic talent, helped along by a celebratory glass of fizz.

**For those new to London**, we will share information prior to the conference about how to get around, which is very easy (public transport around Roehampton is either free, or can be accessed quickly and cheaply with the swipe of a regular debit or credit card). We also intend to create some optional night tours for those wishing to explore the bright lights of the West End, in the heart of the city.

The provisional programme is shown below. Note that the submission deadline for full papers is now **2<sup>nd</sup> June 2019**, if you wish to be included in the full conference information. **You may still register by this date, and present your research, even if you cannot upload a full paper by 2<sup>nd</sup> June.** This will, however, limit the chance for attendees to review it either before or during the event.

**International Management Control Conference, Roehampton, London  
Provisional Programme  
25-26 June 2019**

Tuesday 25 <sup>th</sup> June, 2019		Wednesday 26 <sup>th</sup> June, 2019	
08.00-10.00	Registration	09:00-10:30	Academic Parallel Sessions
